Create event

Events for horoscope

© 2009 - 2014 - Karma Deleg Tondrup

The create event window will open with the current date and time and will also show the corresponding Tibetan year information.

Add an event name (e.g. first event), event date(e.g. 20141010) and

event time(e.g. hours 10). The Tibetan year information will be updated to year 2014, Month 8 N, Day 17 N.

Then click the Create event button. The event will be added to the database and will be visible by Events for horoscope.

The events will be used by 'Events for person'. So more persons can use the same event.

To edit an event click

The event editor window will be shown.
